

Process for Reviewing the LPHA Platform

Regional Discussion Questions

1. Are the items listed still important legislative issues?
2. Are language changes/updates needed?
3. Have any of these items been accomplished? If so, should they be removed? Or, if they should be retained, please provide rationale.
4. Should something in this section be included on our short priorities document? Why?
5. Please list or include key documents that provide history or otherwise support these issues?
